! Scam alert !

Be on your guard against rogue traders who knock on your door and offer unnecessary work.

Reports have been received regarding traders carrying out driveway cleaning and home maintenance works in the Groby area and other areas of the County. These traders have been aggressive and pressure consumers into having work done.

The work is often substandard, overpriced or the cost inflates after the traders have started. If in doubt, don't open the door or agree any work. If they won't go away, dial 101 or 999 in an emergency.

To report rogue traders to Trading Standards or for free advice and guidance call 0808 223 1133.
